

## SEARCH CONSULTANTS IN REAL ESTATE, CONSTRUCTION, AND ARCHITECTURE

Under the direction of founder Chris Hingle, Christopher Frederick has helped leading real estate, construction, and architecture firms find top executive talent since 1985. The business has evolved with the industry and now offers the largest digital talent network of its kind. This powerful tool, coupled with Hingle's deep industry knowledge, allows Christopher Frederick to reach promising candidates with the precision and personal touch other recruiting firms simply cannot match.

Christopher Frederick is not just another recruitment firm – we are your strategic partner in talent acquisition. When you work with us, you can expect more than just a placement. You can expect a long-term value proposition.

### REFINED EXPERTISE

---

- With over three decades of experience, we specialize in recruiting high-caliber executives in real estate, construction, and architecture.
- Our refined expertise gives us a competitive edge in the industry.
- We connect with top-tier candidates through our distinctive strategies, which are both precise and personalized.

### A COMMITMENT TO INNOVATION

---

- What further sets Christopher Frederick apart from the competition is our relentless commitment to innovation.
- We leverage cutting-edge technology and our exclusive talent network of mid- to senior-level executive managers to achieve a new level of recruitment excellence.
- Combining our deep industry connections with advanced technology allows us to deliver unparalleled results.

### FOSTERING RELATIONSHIPS THAT DRIVE SUCCESS

---

- We believe in the power of relationships, both with our clients and our candidates.
- Our commitment to personal connection is what keeps hiring managers and candidates alike returning to Christopher Frederick.

### A PROVEN TRACK RECORD

---

- Christopher Frederick consistently places the industry's finest talent.
- Our team completes mid-management to C-level searches effectively and efficiently.
- We fill long-term, tenured positions faster without sacrificing the quality of our service.
